WARZONE® is a dynamic and intuitive 28mm table top miniatures game set in the dark retro-future of the Mutant Chronicles®. In WARZONE®, the solar system is a blazing inferno of death, betrayal and war; choking under the smothering presence of the Dark Legion.
On the worlds of humanity's future, mighty armies clash in titanic skirmishes against both their own vanity and the predations of the Dark Soul's followers. Wielding weapons of mass destruction, arcane powers of horrific portent, and a desperate determination, the forces of humanity fight for more than just territory, they fight for their very souls.

MUTANT CHRONICLES

WARZONE

UNIVERSE UNDER SIEGE

The solar system is a raging inferno of death and war; burning out of control under the smothering presence of the Dark Legion. The Megacorporations, complacent and greedy from decades of relative peace are finding themselves hard pressed to survive. Considered ceremonial and antiquated, the Brotherhood has resurfaced to champion the souls of mankind against the evil of the Dark Symmetry.

Mutant Chronicles™ Warzone is a dynamic skirmish game that faithfully reproduces the violent and gritty atmosphere of a universe ravaged by war.

Mutant Chronicles™ Paradox Entertainment. Warzone & models™ Excelsior Entertainment. All rights reserved. Made in the USA with lead-free pewter.
